

PreK3 October Newsletter

Hello Parents,

October arrived just in time because things have finally “fallen” into place. We spent September learning about our classroom, our likes and dislikes, our names and our classmates. We also took a look at some of our favorite things: colors, foods, animals, and hobbies.

We explored what makes us human and the traits we have that help us discover the world around us. Learning what made us all similar and different allowed us to grow closer and get to know each other better.

Now, it is time to do everything and anything Fall related. This is my favorite time of year and I am excited to share that with my students. We are going to explore the ins-and- outs of pumpkins and learn about the leaves changing color.

We will introduce our next few letters which are F,G, and B. With this we will expand on our letter recognition as well as our vocabulary. October will be our month for working more independently and I look forward to seeing this help my students grow.

Miss Lazzaroni

- ✓ Show & Tell: Correlating with the letters we have learned. Please bring whatever your child wishes to share on either day listed, that they are present.
- ✓ Halloween Party: Keep your eyes open for parent volunteer sheets and remember everyone is welcome to dress up!
- ✓ Shutterfly is up and running: If you are not included and are not getting notifications please email me so I can fix that, Thank you.

Save the Date
