~August 2020~

Wow, already August! Time sure does fly when you're having fun. In the past month of July we have been working on our manners, using our inside voices, and learning about the things we see outside. It was a pretty cool adventure to see the different things outside and inside. We did see some similarities, of what's outside and what is inside.

In the month of August we will be doing "All things summer," getting ready to end the summer. We will also continue practicing our inside voices, our manners, and words to express how we are feeling and what we want. Also, we'll be learning how to put our toys away before leaving the classroom or moving to another activity. It has been going very well, we have turned it into a game, and they seem to like it. ☺ Of course we have our days, but we always make the best of them.

Great news! Schools are opening back up in the fall, which means we will be getting more friends in Todd's. A lot of our friends will be coming from the Infant Room. We are super excited to see everyone coming back; we miss our friends and our families. It is great to know that our families have been safe and staying healthy during these times. See you all in the fall! ☺. We would like to welcome into Todds, twins Dominic and Natalie from the infant room, and a new friend starting at First School, Zebadiah.

Just some reminders, which I would like to thank all of you for being on top of the supply items for your little ones. You are doing an awesome job! Our water days are still two days a week: Tuesday and Friday. On those days please remember to have:

- swimsuit
- swim shoes
- sunscreen
- towel
- swim diapers.

All items should be labeled with first and last name on them. The kids are really enjoying going outside to play in the water! ☺.

Lastly, I am looking forward to what this month has to offer. As a fun project, we will be making popsicles as a class. It's a great way to cool off and gear towards the end of summer soon. I haven't decided on a date yet to make them. But I will give parents a reminder ahead of time. Let's continue to make memories in Todd's. I hope this month is a great as June and July were. Thank You!

-Ms. Downs
