- Please let us know if your child isn't feeling well, and if at all possible, please keep them home to stop the spread of ANY illness.
- Continue checking folders for finished work

## Book List:

Dinosaur Danger-Nick  
Denchfield

Cornelius- Leo Lionni

Reptiles-Joyce Pope

Dinosaurs Forever- William Wise

My Dinosaur- Mark Alan  
Weatherby

See ya 2020! We're bringing in the New Year with alpha sounds S and K ☺ Our lessons will focus on days of the week, dinosaurs, and winter.

We have the very most fun doing our dinosaur unit; dino bone digs, dino oatmeal, dino stomping, etc...it gets CRAZY! Keep an eye on the white board for details ☺ We will also continue working with scissors and glue (I'm sure you all love the extra practice at home, right?) ☺ I will be putting snow in the sensory table as much as possible, and will try to throw in some extra fun activities throughout the month to keep things exciting; we all get a little stir crazy in the winter months! For more detailed lessons, please refer to our bulletin board☺
