## Birthdays:

Andrew Nguyen- 1<sup>st</sup>

Happy New Year. What a rollercoaster of a year we have had. We would like to thank all the parents for gifts, helping with gift exchanges, and supplies for the classroom and parties. We will continue to help your children in anyway we can with homework while they transition back to going to school full time or if you are deciding to do remote learning. Let's start this new year with a bright beginning, and a little optimism that this year will be better than the last. As always please let me know about problems, because the sooner you let me know the sooner we can try to fix them.

## Reminders

- Please keep me up to date on if children are keeping up with homework and classes.
- Continue remembering masks and to bring an extra in case one gets soiled.
- Please remember we want to go outside but if children do not have the proper gear we can not. Please bring it in to help us fight the cabin fever.
