## August 2020

Hello August!!

I cannot believe that it is already August, this summer has been flying by! The students have enjoyed getting outside every second possible and sliding down the shark waterslide. We have a few more weeks to use the slide, so I am hoping for good weather to get the most out of the rest of the summer!

July was spent wrapping up our ocean unit. We learned the "4 Oceans of the World" song, which the children loved, and we have been exploring the world of the safari! So far, we have gone over the different animals that you can see if you went on a safari.

For August, we will continue with our safari theme, and try to find where some jungles are located in the world. We will go on our own exploration in our outside playground and make the gear that is needed to go along on an exploration.

The remainder of August will be spent in our usual classes! Both preschool classes will be open, and the correct Ms. Griffiths will be back in her own class! We will both be focusing on back to school. We will see what supplies we need for school, how we get to school, and get back in the rhythm of being in our own classes once again.

I am hoping for a quick transition back into our own classrooms. Be on the lookout for a cubby change once again! We are expecting to have a few new faces here as well, so welcome to all the new families, I cannot wait to meet you!!

Thank you so much for everything this summer, I have enjoyed spending the time with each preschooler and getting to know them even more! As always, if you have any questions, please feel free to ask either Ms. Griffiths or send one of us a quick email!

Ms. Amy Griffiths and Ms. Anne Griffiths
