

Toddler Newsletter

October 2018

The toddlers have been diving into topics, such as family, farm animals (one of their favorites!), and have been learning about the fall season. We will continue our theme on Fall Fun, as well as get into some cute and fun Halloween activities and crafts.

The toddlers are also still enjoying their outdoor time, so please excuse the sandy shoes! They absolutely love playing in the sand-box! The toddlers are always learning. They are improving their gross motor and fine motor skills as they play!

We are also in a period of transition as we seek to find a good fit for head teacher of the Toddler Room. As always, I am happy to fill in as needed during this time! Ms. Turner will also be helping out in the toddler room a couple mornings a week, so please make her feel welcome!

Just a reminder, please bring in appropriate clothing/jackets as we transition into cooler weather.

Also, please feel free to send your toddler in a fun and cute costume for Halloween. Let's enjoy this festive month!

Thanks!

Ms. Ortiz
