

June News Letter

Infants 2020

We have made it to the month of June and you know what that means; it's finally summer! I know that all of us in the infant room are super excited that the weather is finally starting to be warm out for us to go outside more! This month we do have one birthday and that is Mrs. Cadle. Her birthday is in June!

Now that it is summer weather we would like for all of our babies to have their sunscreen, sun hats, summer clothes to have here at school, swimming suits, swim diapers, swim shoes and also a towel - all with their name on it. We want to make sure that all of our babies have everything they need when it comes to us playing outside and getting a little wet!

We are very excited that some of our friends are starting to come back to school and we are looking forward to when the rest of our friends come back!

Let's have a great start to our summer and we're looking forward to all of the fun that we will be having this month.

-Ms. Cadle and Ms. Kirby
