

Toddler Newsletter

-----April 2020-----

Welcome to April! We are in a new month and a new season; thank God it's spring!

For the past couple of weeks, the toddlers have been combined in the Infant Room, as we are adjusting to lower numbers. However, the toddlers have still been working hard, those that are still with us. They have been learning about numbers and community helpers. They also did a couple of St. Patrick's Day crafts.

Our next theme is all things spring! The toddlers will be learning all about springtime and the different flowers that we'll hopefully see blooming, and some of the insects that might start crawling around. We will be making coffee filter flowers, paper plate flowers, coffee filter butterflies, and coloring some beautiful spring coloring pages, as well as getting messy with some flower finger painting!

Hopefully some of our old friends will be back to join us at school this month. We look forward to seeing you again!

Thanks,

Ms. Ortiz
