

Toddler Newsletter

February 2020

Welcome to the month of love and friendship! The toddlers had an awesome time learning about the cold and about different animals in winter and how they hibernate! We also had a blast learning about all the different farm animals, the sounds they make, the colors they are, and how they move around. Galloping like a horse and walking like a chicken was a fun large motor activity that the kids enjoyed. We also enjoyed doing many crafts, including stickers, paper-plate cows, pigs, farm animal coloring pages, as well as paintings.

For February, we will be starting off the month talking about love and friendship and what this should look like. This includes helping our friends in the classroom, taking turns, sharing, giving hugs, using gentle hands, etc. We will get into all of that with the toddlers and hopefully what they learn here at school they can also apply at home!

Our following theme will be focused on community helpers and how different people help and work in our community. I look forward to an awesome month with your kiddos!

Thanks,

Ms. Ortiz
